

Cookie Notice

Last updated: 22 October 2026

1. About cookies

The Scribe Society uses cookies and similar technologies on its website, www.thescribesociety.com.

Cookies are small text files stored on your device when you visit a website. They help websites function properly, remember your preferences and provide information about how the website is used.

Cookies may be temporary, lasting only for your browsing session, or persistent, remaining on your device for a longer period.

2. How we use cookies

We use two categories of cookies on our website.

Strictly necessary cookies

These support the essential operation and security of our website. They help protect against fraudulent activity, maintain website sessions and remember your cookie preferences.

Our website uses cookies provided by Wix to support its operation and security. Cloudflare also provides cookies to help protect the website against automated or malicious activity.

Strictly necessary cookies do not require your consent and cannot be disabled through our cookie settings.

Most of these cookies last for a browsing session or a limited period, with some Wix cookies lasting up to 12 months. Cloudflare's bot-protection cookie expires after 30 minutes of inactivity.

Analytics cookies

With your permission, we use Wix Analytics to understand how visitors use our website, including visitor numbers, pages viewed and sources of website traffic.

This information helps us understand how our website is performing and identify opportunities for improvement.

Analytics cookies are optional and are not enabled through our consent settings unless you choose to allow them.

We do not currently use cookies for personalised advertising.

3. Managing your cookie preferences

When you first visit our website, you can choose whether to allow analytics cookies or use strictly necessary cookies only.

You can change your preferences at any time by selecting **Cookie Settings** in the website footer.

You can also manage or delete cookies through your browser settings. Disabling strictly necessary cookies through your browser may affect how the website functions.

4. Changes to this notice

We may update this Cookie Notice from time to time to reflect changes to our website, services or the technologies we use.

The date at the top of this notice will reflect the latest update. Where changes materially affect how cookies are used, we will bring these to your attention and, where required, ask for your consent.

For information about how we handle personal information, please refer to our Privacy Notice.
